## PATTERN

*Tips to know before you start:*

- Pull through with the new color on the last step of the stitch.*
- Lay whichever color you aren't using along the top of your work and crochet over it as you go.*
- To avoid your yarn getting twisted as you carry it along your work, it helps to always keep one color to the front and one color to the back each time you switch colors.*
- When turning to a new row, wrap the color not in use around the side of your work and continue to crochet over it as you go.*

**Chain 103** with Pink. (Pattern repeat is any multiple of 10, plus 3.)

**ROW 1:** Starting in the 3rd chain from the hook, \*work HDC with Pink, then work HDC in each of the next 9 chains with White. Repeat from \* to the end of the row. You should end with 1 HDC in Pink in the last chain. CH 2 and turn.

**ROW 2:** Work WHDC in the first space with Pink, then work WHDC in each of the next 8 spaces with White. \*Work WHDC in each of the next 2 spaces with Pink, then work WHDC in each of the next 8 spaces with White. Repeat from \* to the end of the row. The last 2 stitches of the row should be Pink. CH 2 and turn. (Last stitch should be worked between the turning chain and last stitch.)

**ROW 3:** Work WHDC in each of the first 2 spaces with Pink, then work WHDC in each of the next 7 spaces with White. \*Work WHDC in each of the next 3 spaces with Pink, then work WHDC in each of the next 7 spaces with White. Repeat from \* to the end of the row. The last 2 stitches of the row should be Pink. CH 2 and turn.

*Tip: If you'd like, when working your WHDCs you can insert your hook underneath the yarn you carried on the previous row to hide it better. This can also help keep your stitches tighter so that the velvet doesn't cause any loops to slip loose.*

**ROW 4:** Work WHDC in each of the first 2 spaces with Pink, then work WHDC in each of the next 6 spaces with White. \*Work WHDC in each of the next 4 spaces with Pink, then work WHDC in each of the next 6 spaces with White. **ROW 10:** Work WHDC in each space across the row with Pink. Continue to carry the White and crocheting over it across the row. CH 2 and turn.

**Repeat rows 1 through 10** for the remainder of the blanket.

## BORDER

Before beginning the border, weave in the ends. With velvet we like to leave long tails and discreetly knot them into the stitches as we are weaving them in. Just weave them around a stitch and back through the tail and knot the yarn to a stitch and continue weaving through. This will help the tails from slipping out.

**Round 1:** With Pink, work 1 DC into each stitch and 1 DC per row on the sides of the blanket, and 3 DC into each corner space. Join with a slip stitch to the beginning DC. Change colors to White if you want the same look as the border. If not, leave it all pink. Continue in the same direction.

**Round 2:** Work alternating front and back post around each DC. When you reach a corner, work alternating front and back post around the middle DC of the 3 DC that made the corner in the round prior. Don't join the rounds. (Change back to white if you are alternating colors.)

**Rounds 3 - 5:** Continue alternating front and back post double crochet. Keeping the posts "popping" out in the same direction the entire time to create a ribbed look. Change yarn color each round.

Tie off and weave in all the ends.
