### SIZE

Size: 3 to 6 months as written, but I give directions on how to make this up to about size 18 months, but you'll need a tape measure and follow the size chart as a guide to make it larger. You'll have plenty of yarn however for up to a size 18 months.

### STITCHES

**Slip Stitch (SL ST):** Insert your hook, YO, pull up a loop and pull directly through loop on hook.

**Single Crochet (SC):** Insert your hook, YO and pull up a loop, YO and pull through two loops on hook.

**Double Crochet (DC):** YO, insert your hook, YO and pull up a loop, YO and pull through two loops, YO and pull through remaining two loops.

**Herringbone Half Double Crochet (HHDC):** YO, insert your hook, YO, pull up a loop and pull directly through first loop on hook, YO and pull through remaining two loops.

## PATTERN

**Chain 51** with Main Color.

**Row 1:** Begin in the second chain from the hook with HHDC. Work 1 HHDC in each chain across the row. CH 1 and turn.

Mark stitch number 11, 15, 36,40

**Row 2:** Begin in the first stitch with 1 HHDC. \*Work 1 HHDC into each stitch. In the spaces with the stitch markers work "HHDC, CH 2, HHDC". Repeat from \* around. CH 1 and turn.

**Row 3:** \*Work 1 HHDC in each stitch, work "HHDC, CH 2, HHDC" around each chain 2 space. Repeat from \* around. CH 1 and turn.

**Rows 4 through 11:** Repeat row 3 instructions.

For size 3 to 6 months, continue with row 12, for size 6 to 9 months, add 2 more rows and then join for armholes. For size 9 to 12, add 4 more rows then join for armholes, and for 12 to 18 add 6 more rows before joining for armholes.

Consult this size chart and measure the armhole depth as you increase to make sure you are getting the width you need. If you are using different yarn, you might not need to add as many rows, the important thing about adding rows is to make sure you are adding 2 at a time.
