Chain 45 (or amount needed for size)

ROW 1: Begin in the second chain from the hook with HDC. HDC into each of the next chains until 5 chains remain. SL ST into the remaining 5 chs. CH 1 and turn.

ROW 2: Work 1 SL ST into the back loop of each of the next 5 sts. HDCSLST into the back loop of each st to the end of the row. CH 1 and turn.

ROW 3: Work 1 HDC into the back loop of each st until 5 sts remain. SL ST into the back loop of the remaining 5 sts. CH 1 and turn.

Repeat ROW 2 and 3 until hat is the width needed.

End on a row 2 instructions so you are at the bottom of the hat (brim) before you begin to sew the hat together with SL ST.

Fold hat together matching the last row of stitches with the first row of chains. SL ST under both loops of the stitch and both loops of the bottom side of the starting chain. Continue toward the top of the hat to join the sides together.

Gather the top of the hat by working your tapestry needle in and out of each stitch across the top. Pull tightly to gather in, work tail around one more time and then weave in.

With starting tail, thread a button through and secure to the underside of the hat. Weave in tail, tie off.

Turn hat so the button is on the underside, use a crochet hook to reach up from the underside of the hat, attach the elastic to the crochet hook and pull through the hat, and twist the elastic several times around the button.
