### STITCHES

**Single Crochet (SC):** Insert your hook, YO and pull up a loop, YO and pull through two loops on hook.

**Slip Stitch (SL ST)**

## **PATTERN**

With Aran, chain 22.

**ROW 1:** Starting in the 2nd chain from hook, work slip stitch (SL ST) into each chain across the row. CH 1 and turn. (21)

**ROW 2-3:** Work SL ST into each back loop of previous row. CH 1 and turn after each row. (21)

**ROW 4:** Work 1 SC into the first stitch from previous row. Work 1 SC into each stitch across. CH 1 and turn. (21)

**ROW 5 - 140:** Repeat row 4. (Work more rows if you want your scarf longer or if it isn't quite 4 ft.)

**ROW 141-143:** SL ST into the back loop of each st across the row. CH 1 and turn at the end of each row. (21)

At the end of row 143, turn and CH 14.

### **Fringe**

\*Turn and work 1 SL ST into each chain back toward edge of scarf. SL ST into each of the next 2 sts. CH 14 and repeat from \*. Secure last stitch with a slip stitch, tie off and weave in ends.

Repeat on the other end by finding the first chain at the bottom corner of the scarf, pull up a loop and CH 14.

### **Weaving**

Take a minute to examine where the spaces between the stitches are in the scarf. It might be helpful to think of it as a needlepoint canvas. The weaving happens in the spaces between the stitches. I found completing the weave of one color at a time worked really well.

To measure the length of yarn you'll need for each row of weaving, measure the scarf's length (4 ft) plus an additional 2 feet.

For example, the first color has 3 rows of weaving next to each other. I measured and cut enough yarn (18 ft) to complete all three rows.

For me, I found that three rows of yarn on the needle was a comfortable amount to manage any more than that led to tangles.

The trickiest part of weaving is anchoring the yarn so that it doesn't come loose and hiding the ends of the yarn so it looks nice and neat.

In general, the idea is to weave in the end, work the needle through the center of the anchor loop to secure and continue working the needle carefully through the center of the yarn for one or two inches to hide the end. Clip and gently pull into place.

## **PATTERN**

### **Weaving Color Pattern**

On the finished scarf, identify and count out 21 chain spaces along the first row of SC.

Weave in the colors in the following numbered spaces:

Black weave in Rows: 1, 2, 3, 10, 11, 12, 19, 20, 21

Aruba Sea: 4, 9, 13, 18

Gold: 6, 7, 15, 16

Terra Cotta: 5, 8, 14, 17

If you are a visual learner (like me!) I made a video demonstrating the process. It's actually much easier than it sounds.
