Chain 113

ROW 1: With Marshmallow, begin in the third chain from the hook with 1 HDC, pull through with Red Wagon on last step of the HDC stitch. *Work HDC in Red Wagon in each of the next 9 sts while bringing Marshmallow along the row and working the HDC's over the carried yarn. On the last step of the 9th HDC, pull through with Marshmallow. Work 1 HDC in Marshmallow, crocheting over the Red Wagon and bringing it along the row, changing back to Red Wagon on the last step of the stitch. Repeat from * across the row. CH 2 and turn with Marshmallow.

Tip: Please refer to the YouTube tutorial linked at the end of the pattern if you need more help learning how to carry yarn. Going forward, I will simply be telling you how many stitches need to be worked in each color. It will be assumed you know how to change color and carry the yarn. Also refer to the video if you need to see how the wide HDC is worked between the posts.

BORDER

Secure last stitch with a marker while you weave in all the ends.

ROUND 1: Don't turn after last stitch, CH 2 and place a SC in the corner. Work 2 SC at the end of every other row, [SC, CH 2, SC] in each corner, and SC into each stitch on the top and bottom of the blanket. Do not join or turn at the end of the round.

ROUND 2: Work [SC, CH 2, SC] around the chain 2 space of each corner. Work 1 SC into each SC. Do not join or turn at the end of the round.

ROUND 3: Work [DC, CH 2, DC] around the chain 2 space of each corner. Work 1 DC into each SC. Do not join or turn at the end of the round.

ROUND 4: Work [DC, CH 2, DC] around the chain 2 space of each corner. Work alternating FPDC and BPDC around each DC. Do not join or turn.

ROUND 5 -7: Repeat round 4. (Tip, make sure you are working either FPDC or BPDC around the DC's that make the corner stitches to maintain the alternating pattern. Also work a FPDC around FPDC of the previous row, and BPDC around BPDC. This will form the ribbed look.)

ROUND 8: Work SC into each DC and [SC, CH 1, SC] in corners. SL ST to first SC and tie off and weave in the end.
