Chain to the length needed according to the size chart above or chain 32 for an adult medium size. (However, still measure the chain and make sure you have the length desired. You can chain any number for these hats)

**ROW 1:** Begin in the third chain from the hook with HDC. HDC into each of the chains until 5 remain. Work SL ST into the final 5 chains, CH 1 and turn.

**ROW 2:** In the back loop of the first st, work 1 SL ST, back loop SL ST into the remaining SL STs. Work HDC into the back loops of all HDC. CH 2 and turn.

**ROW 3:** HDC into the back loop of each HDC, SL ST into the back loop of final 5 SL ST, chain 10 and turn.  
Tip: use your stitch markers to mark the final SL ST before you chain 10, so you'll know when to begin SLST's after the fringe is made.

**ROW 4:** Beginning in the second chain from the hook, HDSLST into each chain (fringe made). Back loop SL ST into each SL ST, back loop HDC into each HDC. CH 2 and turn.

**ROW 5:** HDC into the back loop of each HDC, SL ST into the back loop of final SL STs, chain 1 and turn.  
Repeat rows 2 through 5 until you have the width needed for size.

Option: If it is proving difficult for you to make 5 slip stitches at the top of the hat, those may be omitted entirely, your hat will just be a bit more bulky at the top.

Thank you so much for stopping by!
