PATTERN

Chain 24 (or any even number).

Row 1: Starting in the 2nd chain from the hook, work 1 SC in each chain. CH 1 and turn.

Row 2: Work 1 SC into the first stitch. *Work 1 TC in the next stitch, then work 1 SC in the next stitch. Repeat from * across the row. CH 1 and turn.

Row 3: Work 1 SC in each stitch across the row. CH 1 and turn.

Row 4: Work 1 SC in each of the first 2 stitches. *Work 1 TC in the next stitch, then work 1 SC in the next stitch. Repeat from * across the row until there are 2 stitches left. Work 1 SC in each of the last 2 stitches. CH 1 and turn.

Row 5: Work 1 SC in each stitch across the row. CH 1 and turn.

Repeat rows 2 through 5 until your scarf measures about 50 to 52 inches or your desired length. (Just make sure you have enough yarn left to combine the ends of the scarf.) Try to end your scarf with rows 4 and 5 so that when you combine the two ends, the trebles will continue to be offset.

When you reach the end of your scarf, you can either tie off and leave yourself a long tail that you can use to sew the two ends together with a tapestry needle, or you can CH 1 and then slip stitch the two ends together, inserting your hook through both ends of the scarf as you go.

Whichever way you choose, you'll just want to make sure that the textured sides of your scarf are facing each other when you combine the two ends so that your seam will be on the inside of your scarf.

When finished, tie off and weave in all ends with a tapestry needle.
