STITCHES

Single Crochet (SC): Insert your hook, YO and pull up a loop, YO and pull through two loops on hook.

Back Loop Single Crochet (BLSC): Insert your hook into back loop only, YO and pull up a loop, YO and pull through two loops on hook.

Half Double Slip Stitch (HDSLST): (also called Yarn Over Slip Stitch) YO, insert your hook, YO, pull up a loop and pull directly through two loops on hook.

HELPFUL TIP

I start with 30 chains and when I stretch the chain out, not too tightly, it measures 12 inches. 12 inches allows for a nice 3-inch brim and a snug fit. This would be for an adult medium size head.

The best would be to measure from the top of your eyebrows to the crown of your head and add 3 inches. That will give you the height measurement and the length of your starting chain. If you want a slouchier hat add more inches to the starting chain.

For the width, an adult medium size head is 22 inches in circumference. With this yarn, I crocheted until I had 17 inches in width, 5 inches less than the head circumference measurement. That is how much stretch there is with Bernat Felted. If you are using different yarn, you might have different results.

PATTERN

Chain 30 (or any number to the length needed according to the size chart above)

ROW 1: Begin in the second chain from the hook with SC. SC into each chain across the row. CH 9 and turn.

(Tip: mark the last SC before chaining 9)

ROW 2: Begin in the second chain from the hook with HDSLST. HDSLST into each chain, (8 chs), BLSC into the next st, (if you marked this st, remove marker, make the back loop sc, replace marker into the new st made.) BLSC into each st across the row. In the last st, work SC. (work under both loops on the last st.) CH 1 and turn.

ROW 3: SC into the first st. BLSC into each SC. (If you are using st markers, the last SC you work should be marked, replace marker after making new BLSC. CH 9 and turn.

PATTERN

Repeat row 2 and 3 instructions until the hat measures the width you need. For an Adult Medium that is about 64 rows.

Make your last row finish at the bottom or brim of the hat, tie off with a long tail for sewing the sides of the hat together and gathering in the top of the hat.

Use your tapestry needle to sew the sides of the hat together, catching both loops of the bottom of the starting chain, and the back loop of the SC, When you reach the fringe, move the needle in and out along the base of the fringe cinching it in tight. Work around the fringe gathering it in several rounds until it is tight. Weave in the ends.

Roll up the brim and you're done!
