STITCHES

Cluster Puff Stitch: YO, insert hook, YO and pull up a loop, repeat from * 3 or 4 times, or the amount needed depending on the yarn used and how thick you want the puff to be.

PATTERN

Center of Flower

Begin with a magic ring. Work 6 Cluster Puff stitches around the ring, join with a slip stitch to the first puff. Pull the ring together, tightening the stitches. Tie off. Keep tails to inside and facing you.

Petals

Working with 2 strands of Caron Latte Cakes.

Pull up a loop in the top of a cluster puff. *CH 2. Work 1 cluster puff in the second chain from the hook. SL ST into the next puff, repeat from * until you have 7 puffs made. Tie off with long tails for sewing.

Sew onto a sweater using the long tails. Tie knots with the tails on the inside of the sweater to secure.

Tip: when you are working the puffs, the wrong side or inside of the flower is facing you.

I hope you can embellish a little sweater for your little one. It really could turn a plain sweater into something fun and give it just a bit of handmade love.
