SIZE CHART

Winterberry Hat	if your head circumference measures this:	then make the hat height (base chain) this:	and make the width of your hat this:
Preemie	12-13 in	6 in	8-10 in
Newborn-3 Months	13-14 in	7 in	9-11 in
3-6 Months	14-15 in	7.5 in	10-12 in
6-12 Months	15-16 in	8 in	10-13 in
12-24 Months	16-18 in	9 in	11-15 in
Child (3-10 years)	19-21 in	11 in	16-17 in
Teen/Small Adult	21 in	11.5 in	16-18 in
Medium Adult	22 in	12 in	17-19 in
Large Adult	23 in	13 in	18-21 in

PATTERN

Gauge: taken from the brim of the hat, 2 inches= 10 sts and 8 rows

12-24 months

CH 40 (or any number that measures 8.5 inches) For other sizes, refer to the size chart and chain the length needed.

ROW 1: SL ST in the first 5 chains, HDC into each chain to the end. CH 1 and turn. (39) (The starting slip stitches are the top of the hat.)

Tip: If you are using different yarn, measure from the bottom of the hat 3.5 inches for the brim for children's sizes, 4 inches for adults and place stitch marker. Count the remaining HDC stitches and make sure it's an odd number. If not, adjust stitch marker one stitch.

If you use the same yarn and have the same gauge and started with 40 chains, the pattern going forward will give stitch numbers.

ROW 2: HD-SLST into the first st. BL-HD-SLST into each of the next 14 sts. (Place marker in final HD-SLST) SC into the next st, *Berry into the next st. SC into the next st. Repeat from * until 5 sts remain. Back Loop SL ST into last 5 sts. CH 1 and turn.

PATTERN

Tip: Always mark the back loop HDC stitch that begins and ends the brim section. This will help to keep the brim straight.

ROW 3: Back Loop SL ST into each of the first 5 sts. HDC into each of the next 19 sts. Back Loop HD-SLST into each of the remaining 14 sts, HD-SLST into final st. CH 1 and turn.

ROW 4: HD-SLST into first st. BL-HD-SLST in each of the next 14 sts. Front Bottom Loop HDC into each of the next 19 sts. Back Loop SL ST into each of the remaining 5 sts. CH 1 and turn.

ROW 5: Back Loop SL ST into first 5 sts, back loop SC into each of the next 19 sts. Back Loop HD-SLST into next 14 sts, HD-SLST into final st. CH 1 and turn.

Repeat rows 2 through 5 until you have the width needed for size. Paton's Canadiana is very stretchy so we made ours 5 inches less than the head circumference. Finish on a row that ends at the brim. Tie off with an extra long tail for sewing.

Fold wrong sides together, use tapestry needle to sew the starting chain and last row worked together, sewing toward the top of the hat, work tapestry needle in and out the top slip stitches to gather the hat in at the top. Work needle around the top several times to continue gathering in the hat.

Sew the bottom half of the snap to the top of the hat, thread through the holes several times to secure. Weave in the end on the underside of the hat.

Weave in the beginning tail, snap on the pom pom.

Tip: if the pom pom is smashed from packaging, use a hot blow dryer to puff up the pom.

Here is a summary of the textured rows that repeat: 1 row berry and single crochet, 1 row HDC, 1 row front bottom loop HDC, 1 row single crochet.

The top of the hat is always 5 slip stitches, the brim is half double slip stitches.
