STITCHES

Slip Stitch (SL ST): Insert hook, YO, pull back through and through loop on hook.

Half Double Crochet (HDC): YO, insert hook, YO, pull loop through, YO, pull through all loops on hook.

PATTERN

Gauge: 4 inches = 15 sts and 12 rows of back loop HDC taken from the brim

Chain 45 for the child size height 10 inches. (or chain to the length you need in the chart below)

ROW 1: SL ST into the second chain from the hook and into each of the next 4 chains. HDC into each remaining chain. CH 1 and turn.

ROW 2: HDC into the first st. Back Loop HDC into each of the next 14 sts. (mark the 15th st) *Work 1 Front Loop HDC into the next st, 1 Back Loop HDC into the next st. Repeat from * in each HDC. Work Back Loop SL ST into each of the remaining 5 sts. CH 1 and turn.

Tip: Mark the last Back Loop HDC (15th st) to help distinguish between the brim and the mixed loop section.

ROW 3: Back Loop SL ST into each of the first 5 sts. *Work 1 Front Loop HDC into the next st, 1 Back Loop HDC into the next st. Repeat from * to the marked st. Back Loop HDC into each of the remaining sts. CH 1 and turn.

Repeat rows 2 and 3 until you have 41 rows or 3 inches less than the head circumference needed for size.

Last row will be at the brim end. Tie off with a long tail to use for sewing. Fold hat matching starting chain row with final row. Work tapestry needle by going under loops of HDC and loops of starting chain.

When you reach the top, work the needle into the very top loops of the slip stitches. Continue working the needle around the top of the hat several times to cinch it in. Weave in the ends. Fold up the brim.

When adjusting to other sizes, the brim is 4 inches and there are an even number of stitches between the brim and the 5 slip stitches. For smaller than 6 months, adjust the slip stitches to 3 and the brim to 3 inches.
